PROFESSIONAL SUMMARY

Results-driven Computer Science student specializing in full-stack web development (MERN stack) with hands-on experience building scalable web applications, REST APIs, and responsive user interfaces. Developed impactful projects including an LMS platform, a Facial Recognition Attendance System, and a terminal-inspired developer portfolio. A collaborative problem-solver passionate about learning new technologies and creating efficient, user-focused software solutions.

TECHNICAL SKILLS

Languages: Python, JavaScript, Java, HTML, CSS

Frontend: React, Next.js, TypeScript, CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Cloud & Deployment: Render, Firebase, Vercel (V0), Cloudinary

Tools & Services: Git, GitHub, Cloudinary, Razorpay, Gemini API

Concepts: Authentication, Validation, REST APIs, Deployment, System Deployment

Other: OpenCV, NumPy, Pandas, Face Recognition, JWT, OAuth, Microsoft Office

INTERNSHIP EXPERIENCE

Web Development Intern – VaultofCodes

May 2025 – Jun 2025

- Selected for a Web Development Internship focused on modern web technologies.
- Developed responsive web pages and collaborated on frontend/backend tasks using modern web technologies.
- Gained experience in responsive design and web application development.
- Collaborated on building and improving web-based applications.

PROJECTS

Personal Developer Portfolio | Next.js / TypeScript / Vercel

Apr 2026

- Built a personal portfolio website featuring a unique terminal-inspired UI that reflects identity as a developer.
- Dynamically loads components with a CLI-style interface, showcasing projects, skills, and experience in an interactive and visually distinctive way.
- Implemented modern dark-themed UI with gradient typography, smooth scroll, and a terminal-style status indicator.
- Deployed on Vercel using Next.js; applied TypeScript, CSS, and full-stack development best practices.
- Live Demo: <https://sanjana-portfolio-seven.vercel.app/>

EDUCARE – Online Learning Management System | Full-Stack (MERN)

Jan 2026

- Built a full-stack LMS using MongoDB, Express.js, React, and Node.js (MERN stack).
- Implemented features for educators to upload and manage courses; students can enroll, make payments, and submit reviews.

- Integrated Razorpay for secure payment processing and deployed the application on Render.
- Live Demo: <https://educare-1-6uqd.onrender.com/>

Facial Recognition Attendance System | Python / OpenCV

Oct 2025

- Developed an automated attendance system using Python and OpenCV.
- Implemented real-time face detection and recognition for automated attendance tracking.
- Reduced manual attendance processes, improving overall efficiency.

College Website Development Project | HTML / CSS / JavaScript

Nov 2024

- Designed and developed a fully responsive college website using HTML5, CSS, and JavaScript.
- Created pages for college information, course portal, contact section, and gallery.
- Focused on improving accessibility and user experience for students.

EDUCATION

Bachelor of Science (BSc CS) – Computer Science | CGPA: 8.31

Jun 2023 – May 2026

University of Mumbai – Mahendra Pratap Sharada Prasad Singh College of Science and Commerce

HSC – Science Stream (PCMB) | 49%

Jun 2020 – Apr 2022

St. Mary's Junior College

SSC | 82.20%

Jun 2010 – Apr 2020

St. Charles High School

CERTIFICATIONS

- **Online Internship Program (IP)** – Cloud Counselage Pvt. Ltd. | Dec 2024 | Credential ID: IP-5972
- **Basics of Data Structures and Algorithms** – Simplilearn SkillUp | Jul 2024
- **Java Programming for Beginners** – Simplilearn SkillUp | Jul 2024
- **Google Certifications** – Google | Sep 2024 | Credential ID: 11314154

LANGUAGES

Hindi (Native) • English (Fluent) • Marathi (Fluent)
